

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director  
Division of Water  
Room W264  
402 West Washington Street  
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water  
Room W264  
402 West Washington Street  
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

## 30 Day Public Notice Report

---

Application # : FW-24032

Stream : Ohio River

Applicant : Tell City Marine Contractors LLC  
Stephen Satterfield  
PO Box 731  
Tell City, IN 47586-0731

Description : An existing port facility will be repaired and improved. Work in the floodway will include the construction of a new gravel access ramp at the downstream limit, a 20' by 40' access road to the existing south ramp, the installation of two 10' diameter concrete deadman anchors with 8" I-beam center tie-offs, and the installation of two new tripod barge anchors. Also, the footers of the existing barge launchways will be repaired. To facilitate this project approximately 0.2 acres of vegetation will be removed from the floodway. The vegetation removal will be mitigated according to the mitigation plan submitted with the permit application. Details of the project are contained in information and plans received at the Division of Water on October 10 2006.

Location : Along the right bank of the Ohio River looking downstream between River Mile 726 and 726.5

near Tell City, Troy Township, Perry County  
W½, NW¼, Section 5, T 7S, R 3W, Tell City, IN-KY Quadrangle  
Quad Code: 3708687

## 30 Day Public Notice Report

---

Application # : FW-24039

Stream : Baugo Creek

Applicant : St. Joseph  
County-City Building  
227 West Jefferson Boulevard  
South Bend, IN 46601

Description : Approximately 300 linear feet of eroding streambank on the northeast side of Baugo Creek will be stabilized using a rock toe and bioengineered soil-encapsulated lifts to protect the bank from further erosion. The rock toe will be keyed into the streambank and will conform to the existing bank contour of the project limits. The top of the rock toe will be set at or just below the ordinary high water mark. The rock will have a maximum height of 3', a maximum streamward projection of 3' beyond the existing bank, and 1.5:1 side slopes. The soil-encapsulated lifts will extend from the rock toe to the top of the bank, approximately 4' and will be vegetated with native grasses and shrubs. During construction, a pre-existing spoils pile approximately 4' in height and 5000 square feet will be removed and placed in an upland location. The resulting grade will match the existing grade of the surrounding area, allowing for the stream to access the floodplain during high water events. Details of the project are contained in information received electronically at the Division of Water on October 13, 2006.

Location : Approximately 800' downstream of the US Highway 33 crossing and extending 300' upstream  
DOWNSTREAM: near Osceola, Penn Township, St. Joseph County  
NW¼, SE¼, NE¼, Section 16, T 37N, R 4E, Osceola Quadrangle  
Quad Code: 4108661  
UPSTREAM: T 37N

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20595

Lake : Lake of the Woods

Applicant : Greg Bollenbacher  
4465 Crane Cove Lane  
Bremen, IN 46506-9376

Description : An existing 40' by 375' channel will be dredged. Approximately 4' of accumulated muck and debris will be removed from the channel bed by dredging to a maximum depth of 6' below the lake's legal level at the center of the channel and sloping uniformly to a depth of 1' at the shoreline. The excavated material will be transported to an upland containment area for dewatering and disposal. Details of the project are contained in information and plans received at the Division of Water on October 10 2006, and October 19, 2006.

Location : West Shore Drive, channel between Crane Cove Drive and Pleasant Point Lane  
near Bremen, German Township, Marshall County  
SE¼, SE¼, NW¼, Section 7, T 34N, R 3E, Bremen Quadrangle

## 30 Day Public Notice Report

---

Application # : PL-20602

Lake : Lake Wawasee

Applicant : Enchanted Hills Association  
Todd A Bowen  
909 River Oak Run  
Fort Wayne, IN 46804-3543

Description : Maintenance Dredging is proposed within the Enchanted Hills Subdivision's artificial channels located on Lake Wawasee. Approximately 60,000 cubic yards of sediment will be hydraulically dredged from the channels to maintain the channel navigation. The channels and mouth of the lake will be excavated to a maximum depth of 6'. Channels between Treasure Island & Rumpelstilzkin Dr and Tiny Tim Ln. Channels between E Crow Rd & East Wawasee Dr. Channels between Rampart Dr & Morris Rd Dredging from the mouth of where Enchanted Hills enters Lake Wawasee out 300' X 200' wide. Dredging at the mouth out 300' into Lake Wawasee will be excavated to a maximum depth of 6' and the sides naturally contoured. The total feet dredged will be Approximately 8,100'. The dredged spoil material will be pumped to a temporary sediment dewatering basin constructed on an upland location near the dredged site. Returned water from the basin will be piped back to the channel. The return water will be filtered through a temporary riprap apron placed on the slope before exiting into the channel. Silt fencing or equivalent will be placed between the basin and the channel. Upon drying, the sediment basin would be leveled, graded to match the existing landscape, and seeded. The riprap apron would also be removed during the leveling of the dewatering basin. See details provided. A maintenance dredging is proposed. Specific project information will be added to the description as the application is further reviewed. Details of the project are contained in information received electronically at the Division of Water on October 16, 2006.

Location : Channels between Treasure Island & Rumpelstilzkin Dr and Tiny Tim Ln.,

## 30 Day Public Notice Report

---

Application # : PL-20603

Lake : Winona Lake

Applicant : Jane Cook  
1200 Court Street  
Winona Lake, IN 46590

Description : An existing poured in place concrete seawall will be refaced across a portion of the 91' of 91' of frontage of the applicant on Winona Lake to prevent deterioration. The refacing will consist of poured in place concrete which will be tied to the existing wall with 1/2" rerod. The refacing will have a maximum thickness of 12" and will be sloped on the lakeward side. A 36" wide concrete walkway will be constructed on top and landward of the lakeward face of the refaced wall. Details of the project are contained in information received electronically at the Division of Water on October 17, 2006.

Location : East side of Winona Lake. Near the town of Winona Lake, in Wayne Township, in Kosciusko County. Legal Description: 006-076-076 Lots 160 & 161 stp N lot 160 1st amend & add pl & pt vac road & strp to waters edge near Winona Lake, Wayne Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20604

Lake : Tippecanoe Lake

Applicant : Wallace Stouder  
27 EMS T30B lane  
Leesburg, IN 46538

Description : A new seawall will be constructed across 70' of the 70' frontage of the applicant along Tippecanoe Lake to deter shoreline erosion. The wall will consist of poured in place concrete which will be sloped on the lakeward side. It will be 48" high and will vary uniformly in thickness from 30" to 13" from the base to the top. The lakeward face of the wall will be legal shoreline. Details of the project are contained in information received electronically at the Division of Water on October 17, 2006.

Location : West side of Tippecanoe Lake. Near the town of Oswego, in Plain township, in Kosciusko County. Legal Description: 029-047-142. D Lot 53 Bellrohr Park 7th Add.
